To Forestall Decision.
In order to sidetrack any possible adverse decision in the injunction suit of F. B. Jones of New Hartford against the county commissioners in which the court is asked to restrain the commissioners from granting licenses in New Hartford on the ground that the vote was illegal, the temperance advocates of that town have petitioned Judge George W. Wheeler to declare the vote void. Judge Wheeler has not given his decision in the first case.

Saloons in Dry Town.
The re-fencing of the boundary line separating New York and Connecticut has disclosed the fact that a strip of land about a quarter of a mile in width and which has been claimed by Miller-ton, N. Y., for many years, is actually a part of the town of Salisbury, Conn. Miller-ton is a license town and Salisbury is dry. However, the resurvey established the fact that Hicks Hotel and the bar room owned by William Whalen, which stand near the State line, are in Salisbury, although for years Messrs. Hicks and Whalen have voted, paid taxes and secured their liquor licenses in Miller-ton.

Either Hod can be used for coal or ashes; the ash Hod being emptied can be returned full of coal. Every Cook heartily endorses this new idea.

Another feature (patented) is the wonderful *Single Damper*. It prevents mistakes in regulating fire and even as one motion does both. No other range has it. Booklet Free.
